# Check-In

*The quick version. The full guided journal is a separate companion product.*

## MORNING

*Before the first Block*

*Today, I'm the kind of person who…*

*One thing I'm setting down before I start (worry, grudge, dread):*

*One thing worth remembering today:*

*One relationship I want to show up for today:*

*If today goes the way I want, what does that actually look like?*

## EVENING

*After the last Block*

*What actually happened today — not what should have:*

*One Block (or moment) I'm proud of:*

*One thing I'm carrying into tomorrow — and one thing I'm leaving here:*

*Who or what am I grateful for today:*

*One thing I'd do differently — just noting it, not beating myself up:*

*"You don't have to finish the day well. You just have to close it."*
